Section 1445(a) of the SDWA, 42 U.S.C. § 300j-4(a), authorizes EPA to require owners and operators of public water systems to provide information as may be necessary to carry out the purposes of the SDWA.

Pursuant to Section 1445(a) of the SDWA, Respondent is required to provide EPA with the following information. This requirement to submit information is mandatory. Compliance with this requirement does not relieve Respondent of any liability for violations of the SDWA. Respondent may be subject to civil and criminal sanctions if it provides misleading or false information or fails to provide the requested information. Information which Respondent provides may be used by EPA in administrative, civil or criminal proceedings.

You may, if desired, assert a business confidentiality claim covering all or part of the information requested herein in the manner described in 40 C.F.R. Part 2. As noted in the enclosure, any decision to participate in such program or to seek compliance assistance does not relieve you of your obligation to respond in a timely manner to an EPA request or other enforcement action, does not create any new rights or defenses under law, and will not affect EPA's decision to pursue this enforcement action.
